Notes to Catalogue 117

It has been 5 months since I did one of these NEW ACQUISITIONS catalogues and I constantly get requests for such offerings, so here is another. This catalogue is full of Churchill material you won't find elsewhere or will have to pay big money.

To start, items 1-14 present a selection of books and pamphlets with Churchill contributions, previously unknown, but now identified in the Cohen bibliography. Items 21-41 are magazines with Churchill contributions or cover photos, including several elusive issues of TIME and NEWSWEEK. Items 92-98 are author signed copies of books about Churchill

You will also find some scarce early postcards, several medals, a big 1940's decorated tin, and another pair of the official funeral publications that were so popular in the last catalogue.

We have no plans to stop making paper catalogues. The following are planned for the remainder of 2006:

1. Fine First Editions- This will be released at the Churchill Centre Conference in Chicago at the end of September. There will be a nice selection of old suit jackets, but the highlight is a first edition (in English) that has never appeared in any book dealers catalogue in the past 20 years.

2. Holiday Gift Catalogue- ready in October
