Notes to Catalogue 129

My warehouse is bulging with books about Churchill and his associates. There are over 50 boxes of books that need to be cleared out. Thus a big sale is in order.

So I am presenting a new style of catalogue. After all the spending excesses of the Christmas season, and the government seeking to spread your wealth around, the last thing you need is a catalogue full of expensive rarities. So, here is a list of 400 books, giving only title and (and sometimes author.) There are no pictures, no online listings, no descriptions of condition, no shopping cart system or other automated luxuries. But the result is these books can be offered at very low cost.

As most of you know, many books can now be found at low cost at various online book sites, but in almost every case, shipping is \$4.00-\$5.00 or more per book. The books on this list and the quantity prices include

FREE SHIPPING IN USA

So compared to buying books one at a time elsewhere, it is like getting the books for free here.

The quantity discount schedule is as follows:

Type of book	1-4 books	5-19 books	20 or more
Hardcover	\$10.00	\$7.00	\$5.00
Trade (large) paperback	\$5.00	\$4.00	\$3.00
Normal paperback	\$2.00	\$1.50	\$1.00

The different categories can be combined for quantity discount. So an order for 10 hardbacks, 8 trade paperbacks, and 2 paperbacks qualifies for the **20+ price** on all of them. There are no descriptions of condition on these books. If I have multiple copies, the earliest order gets the best copy.

Please note that many of these books, especially the pre 1945 titles are not fine and typically do not have dustwrappers. If you are seeking pristine collectable copies, this is probably the wrong place to look. There are many books about Churchill, and most of the post 1950 titles are nice copies with dustjackets.

And finally, for those who desire the nicer and scarcer books, there will be a special sale until 10 Feb.
