Notes to Catalogue 140

Our catalogues of ephemera and Churchilliana have always been very popular and typically about two-thirds of the items are sold. But never 100%. So over the years I have stockpiled a number of Churchill items that did not sell. So here they are, from \$20.00 to \$2000.00, all on sale at half the original price.

The only things excluded are books and medals (I have no desire to sell silver at below scrap prices) I went back at least 6 years through all the NEW ACQUISITIONS catalogues, as well as the specialised catalogues of magazines, prints, Churchilliana, and pamphlets. There are some very scarce and interesting items on offer, many not to be found elsewhere at any price.

The prices listed in this catalogue are the original prices from prior catalogues. In all cases, you pay half of the listed price.
