Notes to Catalogue 154

Here is another of these very popular catalogues of unusual Churchill material. What you will NOT find here are the standard first editions, or books about Churchill, although there are several scarce speech pamphlets by Churchill. I used to produce these catalogues at least once a year, but the supply of vintage Churchill memorabilia has seriously dried up.

I have acquired a large collection that was assembled over 20+ years and you will see several very scarce items that have appeared in my catalogues over the years. Examples include the caricalendar and the playing card artwork.

Much of this is not expensive. There are 62 items priced at \$50.00 or less. And nearly all of this is material you will not see elsewhere, although you may find some in NYC at far higher prices.

Shipping is extra, at cost, although light paper items will be sent first class in the US at no charge. I am always willing to ship abroad, but anything weighing more than 4 pounds can be very expensive. There are several very heavy items- the solid lead bust and the bound volumes on the back page come to mind. Your satisfaction is important. Any item may be returned within 7 days for any or no reason. Payment accepted by cheque (\$ or £), Visa, MasterCard, or Paypal

115 THE COLLECTED WORKS & ESSAYS 38 volumes in full red leather

The Collected Works of Sir Winston Churchill was published by The Library of Imperial History in 1974 in a limited edition of 3000 sets. Originally produced in full white vellum, decorated in 22 ct gold, the binders in Cornwall later produced a small number of sets in full red leather. I was heavily involved at the time and can state that the exact number of such sets is unknown, it is certainly less than 50. Using the same tooling and craftsmen, these red sets are just like the vellum sets except for the binding and slipcases which are now red. We used good skins and these will age far better than the vellum sets which all eventually brown. This is a 38 volume set which also includes the 4 additions volumes of The Collected Essays. Books and slipcases all seem unused and like new, unfaded, unmarked. Lovely Grub! \$17500.00

111 **PICTURE POST, run of 23 bound volumes from the 1940s** The best way to describe Picture Post is to call it the British version of LIFE, same size, same content, as it even has the same white in red style logo. In those pre-TV days, all the best photographers contributed. The page count was down during most of the 40s due to paper rationing, but you will find hundreds of pictures here not seen elsewhere. This goes from vol 8 (July 40) to vol 31 (Jul 46) lacking vol. 20. These are plain library bindings, so not pretty, but the covers are bound in, so lots to see and read. \$100.00 (shipping extra)
